## Routes & Waypoints

### Make a mark

Use the Location function within the FishingMobile app to mark your path through the waters.

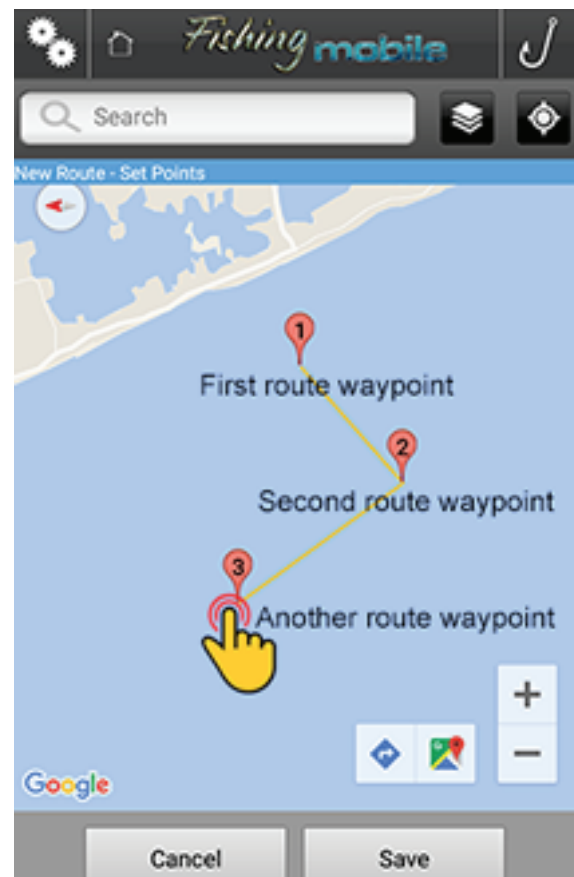

Mark your favourite fishing spots, ramps or any other location you want to remember by setting waypoints.

### Record your journey

The FishingMobile app allows you to create routes by placing a trail of waypoints. The app will assist navigation by telling you your direction, speed and estimated time to arrive at the next waypoint.

Experience the user friendly **Location** functionality by installing the FishingMobile app if you haven't already.
